

LETTER TO PARENTS

Dear Parents,

In an effort to ease congestion around the school and improve pupils' fitness we are considering setting up a Walking Bus.

Children will walk to school as a group using an agreed route under the supervision of at least two responsible adults – a 'driver' and a 'conductor'. There will be set places along the way where children can join the 'bus'. It will operate every school day bringing children into school and escorting them homewards. (Omit if only running in the morning)

The routes will be established along those roads most used by our pupils. The success of the WSB will depend upon the level of interest shown by parents and their willingness to volunteer as 'drivers' and 'conductors'.

This scheme can help improve your child's safety knowledge, and reduce the amount of congestion around the school gate.

We are trying to ascertain as to whether or not this scheme would have your support would be grateful if you would complete the questionnaire and return it to school by the end of the week.

Yours sincerely,
